Re: Required Submission of Information
Lower Darby Creek Area Superfund Site – Clearview Landfill, Folcroft Landfill,
and Folcroft Landfill Annex

Dear Mr. Nishitani:

This letter confirms your telephone conversation with Susan Whitney at which time you agreed to grant Bio-Rad Laboratories a 30 day extension of time to respond to the EPA's required submission of information letter in regard to the above-reference superfund site. The EPA's letter requested a response within 15 calendar days of receipt. Bio-Rad received the letter on August 9, 2002. With the 30 day extension, Bio-Rad is now required to respond within 45 calendar days of receipt or by Monday, September 23, 2002.

We appreciate your cooperation in granting the extension. Please contact me if you have any questions.

Very truly yours,

Anthony B. Fong
Assistant General Counsel
